The software and User's Guide are distributed solely on an as-is basis. The entire risk as to their quality and performance is with you. Should either the software or User's Guide or both prove defective, you (and not Expert Software, Inc. and its distributors and dealers) assume the entire cost of all necessary servicing, repair, or correction. Expert Software, Inc. and its distributors and dealer will not be liable for direct, indirect, incidental, or consequential damages resulting from any defects in the software or User's Guide, even if they have been advised of the possibility of such damages. Some states do not allow limitations on how long an implied warranty lasts or the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions might not apply to you.
