Expert Software License Statement

This software is protected by both United States Copyright Law and International Treaty provisions. Expert Software, Inc. grants you this license and your obligations are under a year agreement. Therefore, you must "buy" the software "just like a book," with the following single caveat on Expert Software, Inc. authorization to make archival copies of the software for the sole purpose of backing up your software and protecting your investment from loss.

By saying "just like a book," Expert Software, Inc. implies, for example, that the software may be used by any number of people and may be freely "moved" from one computer to another, so long as there is no possibility of being used at one location while it's being used in another. This is just like a book that cannot be read by two different people in two different places at the same time.

This agreement shall be construed, interpreted, and governed by the laws of the state of Florida and shall inure to the benefit of Expert Software, Inc. its successors, administrators, heirs, and assigns.

Limited Warranty

Limited warranty on product disks. To the original buyer only, Expert Software, Inc. warrants the disk or disks on which this product is recorded to be free of defects in material and workmanship under normal use for a period of 90 days from the purchase date. Any implied warranties of merchantability or fitness for a particular purpose are limited in duration to the period of 90 days from the date of purchase. Your sole and exclusive remedy in the event of a defect in material or workmanship under normal use is expressly limited to replacement of the defective item.

This warranty gives you specific legal rights, and you might also have other rights which vary from state to state.

No warranty on product software or User's Guide. From the purchase of Expert Software, Inc. licensed the software and User's Guide and reviewed their contents, Expert Software, Inc. and its distributors and dealers make no warranties, other express or implied, with respect to the fitness for a particular purpose. The software and User's Guide are distributed solely on an "as is" basis. The entire risk as to their quality and performance is with you. Should either the software or User's Guide or both prove defective, you (and not Expert Software, Inc. and its distributors and dealers) assume the entire cost of all necessary servicing, repair, or correction. Expert Software, Inc. and its distributors and dealer will not be liable for direct, indirect, incidental, or consequential damages resulting from any defects in the software or User's Guide, even if they have been advised of the possibility of such damages.

Some states do not allow limitations on how long an implied warranty lasts or the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions might not apply to you.
